Verse 1

Once upon a time I walked an easy road
Didn't think I needed anyone.
I could make it on my own
Never thought about tomorrow, just livin' day to day
Never thought these clouds would come along
And bring me so much pain
When my world was upside down
I didn't think that I could make it,
Reached out my hand for you
And you were there to take it

Chorus

I wanna thank you
For being my strength when I thought I couldn't go on
And I wanna thank you
For showing me right when my heart was leading me wrong
For all the times I was lost and my soul was blind
And I didn't know what to do
Somehow you pulled me through – and I wanna thank you

Verse 2

When I was down and on my knees,
Looked up and you were there –
Somehow you knew and found me
You were the answer to my prayers
You shined a light when it was dark,
And opened up my eyes
You led the way when I was lost
And you helped me realize
That I will never walk alone, cause you'll be by my side
I don't know what I'd ever do without you in my life

Bridge

With every step I take
You show me there's a way
And in your hands, my heart will never go astray
So each and every day....I wanna....

I wanna thank you
Thank you for the love you gave me
And every time you were there to save me
Thank you for being right by my side
When I thought that I couldn't make it
Reached out my hand
You were there to take it
Thank you for being here in my life

Thank You - 2/2
