

## Down Poison - 1/2

Interprété par Three Doors Down.

I've dreamed about this,  
Sixteen days away  
Now you're here,  
And my head lays besides your body,  
Pillowed under mine  
You were poison,  
Spinning round my mind  
Welcome to my world  
She said, do you feel  
Alive she said  
It's all a bad dream,  
Spinning in your lonely head,  
Welcome to my world,  
She said, separated world,  
She said, separated,  
Down poison,  
Down poison,  
Body withered, Body died,  
Time to take away this life  
Bad enough to die from one,  
Not to mention  
Four or five  
Welcome to my world  
She said, do you feel alive she said  
It's all a bad dream,  
Spinning in your lonely head  
Welcome to my world she said,  
Separated world,  
She stayed separated  
Down poison, down poison  
Down poison, down  
You weren't there for me,  
I was there for you  
You weren't there for me,  
I was there for you  
You weren't there for me,  
I was there for you  
You weren't there for me,  
I was there for you  
You wouldn't die for me,  
I've died for you  
You wouldn't die for me,  
I've died for you  
You wouldn't die for me,  
I've already died for you  
You wouldn't die, you wouldn't die,  
You wouldn't die!

## Down Poison - 2/2

Welcome to my world she said,  
Do you feel alive she said  
It's all a bad dream,  
Spinning in your lonely head  
Welcome to my world she said,  
Separated world, she stayed separated  
Down poison, down poison  
Down poison, down.
