

I Run Away - 1/1

Interprété par Britney Spears.

You took your love away
too fast
Left no chance to say
look back

Now I know the truth-
It makes it easier,
Maybe when time goes by,
I'll understand

Let's pretend that I've moved on
and I'll tell myself
that life goes on without you-
open my eyes and look deep inside,
I run away

You threw it all away
So blind
pushed me far from you and your life
Now I know the tears
won't relieve the loneliness
Maybe when time goes by
I'll understand it

Let's pretend that i've moved on
and I'll tell myself
that life goes on without you-
open my eyes and look deep inside,
I run away
