

Loosen Control - 1/3

Interprété par Snoop Doggy Dogg.

Man, you got me goin' crazy Baby
I'm losin' my mind

Chorus (Butch Cassidy + Snoop Dogg):

(Butch Cassidy)
Feels like I'm losin' control
And I don't even know
Girl you hurt me oh so bad cuz I love you so, hey
But it don't matter now
I'm doin' better now
Whatever you do, Bitch
Will come back to you, Bitch
Heeeeeeeey, hey
Heeeeeeeey, hey
Heeeeeeeeeeeey, hey
Heeeeeeeey, hey

(Snoop Dogg)
I was in love at times
I was so hurt, she made me forget my rhymes

First Verse (Snoop Dogg + Butch Cassidy):

(Snoop Dogg)
Now who would ever think that I wanted her home?
Three kids and a wife, never be alone
A dog in the front yard and that picket fence
Havin' somethin' on the side? It didn't make sense

(Butch Cassidy)
I'm a family man sportin' a wedding band

(Snoop Dogg)
I heard them niggas on your pager didn't give a damn
I gave you eighty percent of all my trust in you
The other twenty was cool, cuz we gone make it through

(Butch Cassidy)
The homies said she got my mind blew in, blew in

(Snoop Dogg)
I told that nigga like Chris Tucker,
"Don't worry about what the fuck I be doin'"
We was makin' chemistry, but who is he?
And how this nigga know the deal about you and me?

Loosen Control - 2/3

(Butch Cassidy)

I fell to my knees and asked the girl "Why?"

(Snoop Dogg)

She looked at my eyes with no reply

So I cried

I was in love at times

I was so hurt, she made me forget my rhymes

Chorus

Second Verse (Snoop Dogg):

I was in love at times

They say game don't wait, ha Warren G?

Well the game better wait for me

I'm spendin' my time while I'm writin' these rhymes

In the Hills for real, sippin' wines

Girl, you'z a dime

Got me losin' my mind

Well if lovin' you is a crime

I'm down to do my time

Lock me up and throw away the key

I once told that "This was the way love was meant to be"

I see you with me forever

We can do things that you never,

Thought you could've

Up out the hood-uh

Is where I took you

Never overlooked you

I can't believe that you shook to another spot

And left me cold, now I'm hot

I'm tryin' to find you, what am I to do?

I gave you everything that you needed

Chorus

Bridge One (Snoop Dogg+Butch Cassidy):

(Snoop Dogg)

You know what girl?

I was in love with you and you treated me like that,

But you know what they say?

What goes around comes around

(Butch Cassidy)

How could, how could, you do me wrong?

You be messin' up my songs

Now a nigga must move on

Loosen Control - 3/3

Gave love, and you just, straight played on me
Had a nigga sick for weeks
Now I must begin my streak
