

Shoulda Woulda Coulda - 1/1

Interprété par Beverly Knight.

People say that together we were both sides of the same coin
That we would shine like Venus in a clear night sky
We thought our love could overcome the circumstances
But my ambition wouldn't allow for compromise

I could see in the distance all the dreams that were clear to me
Every choice I had to make left you on your own
Somehow the road we started down had split asunder
Too late to realise how far apart we'd grown

CHORUS:

How I wish I, wish I'd done a little bit more
Now "shoulda, woulda, coulda" means I'm out of time
Coz "shoulda, woulda, coulda" can't change your mind
And I wonder, wonder what I'm gonna do
"shoulda, woulda, coulda" are the last words of a fool

People ask how it feels to live the kind of life others dream about
I tell them everybody gotta face their highs and their lows
And in my life there's a love that I put aside
Cause I was busy loving something else
So for every little thing you hold on to, you've got to let something else go

CHORUS

If I would now forsake the opportunities are fate
I know I'm right where I belong
But sometimes when I'm not that strong

CHORUS[2x]

Can't change your mind
