

Nothing's Changed - 1/1

Interprété par The Calling.

It was a day just like this
In a life of our times
Shrugging sings there's no chance for us
It's not mine to decide

You never listened to what I said
You never thought I'd succeed
And thought I'd given you all I can
You show no faith in me

Chorus:

And I remember, and I recall
And I can see that nothing's changed at all
Thought we falter, we don't have to fall
And I can see that nothing's changed at all

Even when I was young
And the pressure was on
You always told me to do my thing
So what the hell went wrong

Chorus

An outcast coming home, opinions stay the same
They'll spit them out and spin me back through the door
The louder that we scream, the more invisible we seem
Is it gonna last forever

Now I'm learning the lies
From the skies where they reign
Can't find shelter for myself
And you're all to blame

Chorus (x2)
