

Ex - 1/1

Interprété par No Doubt.

(1st chorus)

I kinda always knew i'de end up your ex girlfriend oh woah
oh I kinda always knew i'de end up your ex girlfriend

I kinda always knew i'de end up your ex girlfriend i hope i hold a special
place with the rest of them and you know it makes me sick to be on that list
but i should of thought of that before we kissed.

You say you're gonna burn before you mellow I will be the one to burn you,
Why'd you have to go and pick me? when you knew that we were different,
completely!

I kinda always knew i'de end up your ex-girlfriend, I kinda always knew i'de end
up your ex-girlfriend

I hope i hold a special place with all the rest of them, i kinda always knew
i'de end up your ex-girlfriend

(2nd chorus)

Im another exgirlfriend on your list, but I should've thought of
that before we kissed.

Your wildness scares me so does your freedom, you say "i cant stand the
restrictions" I find myself tryin' to change you, if you were meant to be my
lover i wouldn't have to

And i feel so mean, I've been in between, 'cause im about to give you away

I kinda always knew i'de end up your ex-girlfriend

(for someone else to take)

I kinda always knew I'de end up your ex-girlfriend

(am i making a mistake)

I hope I hold a special place with the rest of them

(all the times that we've spent!)

I kinda always knew i'de end up your ex-girlfriend

And we're trading mistakes for souvenirs,
and we've been in between the days for years,
And i know that when I see you im going to die
I know im gonna want you and you know why
It's gonna kill me just to see you with the next girl
When i've always been so jealous of the last girl,

But i should've thought of that before we kissed
