

Fool for love - 1/2

Interprété par Johnny Hallyday.

Je vous préviens, n'approchez pas
Que vous soyez flic ou badaud
Je tue celui qui fait un pas
Je ne ferai pas de cadeau

Eteignez tous ces projecteurs
Et baissez ces fusils braqués
Non, je ne vais pas m'envoler sans elle

I took her life, her tender life
I couldn't bear the thing to see
And life and love and give herself
To any other man than me

So if my world will end tonight
I will not cry
I do not care
I'll meet her in another life somewhere

I was a fool, a fool for love
A fool who believed
That she came from above
I'll stay a fool until I die
She was my world, my breath, my sky

I'm just a fool who lost her control
Along with my soul
In time a fool becomes a clown
And you will laugh as I fall down

We'll never be in peace again
I'll never feel her warm caress
And live each day just thinking of
My angel in a pale blue dress

Je vais ouvrir grand les volets
Crevez-moi le cœur je suis prêt
Je veux m'endormir pour toujours près d'elle

I was a fool, a fool for love
A foll who believed that she came
From above
I'll stay a fool until I die
She was my world, my breath, my sky
I'm just a fool who lost her control
Along with my soul
In time a fool becomes a clown

Fool for love - 2/2

And you will laugh as I
As I fall down
