

# Take Me As I Am - 1/1

**Interprété par Faith Hill.**

Baby, don't turn out the light

I wanna see you look at me

Whisper only truth tonight

No just promisees and empty fantasies

Chorus

I don't need a bed of roses

'Cause roses wither away

All I really need is honesty

From someone with a strong heart, a gentle hand

Who'll take me as I am

Baby, I need you to know

Just exactly how I feel

Fiery passions come and go

I'd trade a million pretty words for one touch that is real

Repeat Chorus
