Interprété par Pink.

I might be the way,
Everybody like to say,
I know watcha thinking about me,
There might be a day,
You might have a certain way,
But you don't have my luxuries.

And it's me, I know,
I know my name, cause I say it proud,
Everythng I want I always do
Looking for the right track,
Always on the wrong track,
But are you catchin'all these tracks,
That I'm laying down for you,

There's a song I was listenicg to,
Up all night,
There's a voice I'm hearing,
Saying it's alright,
When I'm happy I am sad,
But everything's good,
It's not that complicated,
I'm just misunderstood

There might be a day,
Everything it goes my way,
Can't you think I'm superfly,
I might see the a world,
In a world inside of you,
Then I might just say goodbye

And it's my name, I know,
I say it loud' cause I'm really proud,
Of all the things I used to do,
Well it's the wrong track,
Looking for the right track,
But are you catchin'all these tracks,
That I'm layin' down for you,

There's a songI was listening,
Up all night,
There's a voice I am hearing,
Saying it's alright,
I was take for granted,
But it's all good,
'Cause I'll do it again,
I'm just misunderstood,

Missundaztood - 2/2

Yeah, I'll do it again,
I'm just misunderstood
