

Leap of faith - 1/1

Interprété par David Charvet.

I saw...I saw you with that look in your eyes
Did he come back to make you cry
I am the one to set you free
I need you, love you so desperately

Baby I just need you to take a leap of faith
Every promise I make, I'll never break
Let me take your hand, I'll lead the way
I'll wait forever, baby...

Chorus:

Until the stars come crashing down
Until the moon no longer shines
That's how long I'll wait for you
That's how long I'll wait for you
You are the meaning to my life
And until the end of time
That's how long I'll wait for you
That's how long I'll wait for you

Don't be afraid to get too close
I'm gonna love you like you've never know
Open your heart and comes with me
I need you, want you can't you see...

Baby I just need you to take a leap of faith
Every promise I make, I'll never break
Let me take your hand, I'll lead the way
I'll wait forever, baby...

Chorus

And if we are oceans apart
You will always be here my heart
And I'll always wait for you
I'll always wait for you

Chorus
