

Cadillac - 1/1

Interprété par Mest.

It's Friday night
What's going on tonight?
I'll see her later on tonight
But now it's time to roll
This somber state is getting old
While I never do what I've been told
So now we're gonna roll

With the top down seat back
Rolling in my Cadillac
With the top down seat back
Rolling in my Cadillac

We order another round
My girl's nowhere to be found
I hope she gets here soon before I'm falling down
'Cause now I'm all torn up
I feel like I might blow up
And then I get word my girl's showing up
So now I'm gonna roll

With the top down seat back
Rolling in my Cadillac
With the top down seat back
Rolling in my Cadillac

Rolling...
With the top down seat back
Rolling in my Cadillac
With the top down seat back
Rolling in my Cadillac
