Close friends - 1/1

Today you told me that I'd hate you forever I can't believe what's really going on Somehow I knew that you felt guilty for something But tell me why you do this to me Today you told me that I'd hate you forever I can't believe that you'd wreck my life

I was betrayed, how can you say that you feel sorry inside It's never staying, losing close friends I've gone away, you make me stay but I can't tell it from lies I've gone insane, losing close friends

Today I made the worst mistake I put my trust into someone I don't know And now I know because you've done everything possible to me Made me so upset And now I know just who to trust because you're laying in bed You're thinking 'bout all that fucked up shit

I was betrayed, how can you say that you feel sorry inside It's never staying, losing close friends I've gone away, you make me stay but I can't tell it from lies (Lies) I've gone insane, losing close friends

I'm so weak The closeness of your skin The smell of this place Makes me go insane

I

You make me go insane [Repeat]

I was betrayed, how can you say that you feel sorry inside It's never staying, losing close friends I've gone away, you make me stay but I can't tell it from lies I've got insane, losing close friends

Losing close friends [Repeat]
