Mr Guder - 1/1

Interprété par Carpenters.

Ba.....ba...bar
Mister Guder, say Mister Guder
May I have a moment with you
For there is something I've got to say
And please don't let it scare you away

Mister Guder, say Mister Guder
I have seen you go through a day
You're everything a robot lives for
Walk in at night and roll out the door at five

You reflect the company image
You maintain their rules to live by
Shine your shoes let's keep a neat hair-cut
Now that you're wearing a coat and tie

(chorus)
Mister Guder, say Mister Guder
Someday soon you may realize
You're blown your life just playing a game
Where no one wins
But everyone stays the same
(solo then lyrics)
