

## Ivory tower - 1/1

**Interprété par Alphaville.**

Here is the news from my little hideaway  
My sweet Ivory Tower  
I've sent you songs about so many thing  
Mighty moondogs skipping waves  
Dolphins playing their lives away  
Golden circus girls and pharaohs  
Fallen angels, streetside Romeos  
Patricia's park and Anyway  
Eternal youth and neverending summer days  
Lonely girls, music halls, the mysteries of love

I am a stranger in a strange land  
Welcome, stranger, to the land of the free  
Welcome, Carol, to Phantasy

Oh my God, I feel so alone  
A million lightyears far from home  
It seems to be a tragedy  
How can I live in Germany?  
Another house is burning down  
It's time to face the cruel reality  
This is a game no more  
Disasters in the 20th Century
