

## Guardian Angel - 1/1

**Interprété par Alphaville.**

Be my guard just for tonight, that is all I'm asking for  
Take me under your wing, I can't make it anymore  
I am so full of fear, may you read a book to me  
And when the shadows grow won't you stay with me

WILL YOU BE MY GUARD TONIGHT. THAT IS ALL I'M ASKING FOR  
WILL YOU BE MY GUARD TONIGHT, THAT IS ALL I NEED TO KNOW

Be my guard beside my bed, that is all I need to know  
Will you please hold my hand, don't you ever let it go  
All the wonders of the world for a little second more  
I can't speak but can't you see, it's your touch I'm crying for

WILL YOU BE MY GUARD TONIGHT. THAT IS ALL I'M ASKING FOR  
WILL YOU BE MY GUARD TONIGHT, THAT IS ALL I NEED TO KNOW

Be my guard just until dawn, when I can hear the birds again  
I'm as helpless as can be, will you guard my little flame  
If we never meet again, you shall always keep in mind  
That you were my guard tonight, that you were my guard tonight

WILL YOU BE MY GUARD TONIGHT. . .
