

Youth of the nation - 1/2

Interprété par P.O.D..

Last day of the rest of my life I wish I would've known Cause I didn't kiss my mama goodbye

I didn't tell her that I loved her and how much I care Or thank my pops for all the talks And all the wisdom he shared

Unaware, I just did what I always do Everyday, the same routine Before I skate off to school

But who knew that this day wasn't like the rest Instead of taking a test I took two to the chest

Call me blind, but I didn't see it coming Everybody was running But I couldn't hear nothing

Except gun blasts, it happened so fast I don't really know this kid Even though I sit by him in class

Maybe this kid was reaching out for love
Or maybe for a moment
He forgot who he was
Or maybe this kid just wanted to be hugged
Whatever it was
I know it's because

[chorus:]
We are, We are, the youth of the nation

Little Suzy, she was only twelve She was given the world With every chance to excel

Hang with the boys and hear the stories they tell She might act kind of proud But no respect for herself

She finds love in all the wrong places The same situations Just different faces

Changed up her pace since her daddy left her

Youth of the nation - 2/2

Too bad he never told her She deserved much better

Johnny boy always played the fool He broke all the rules So you would think he was cool

He was never really one of the guys No matter how hard he tried Often thought of suicide

It's kind of hard when you ain't got no friends He put his life to an end They might remember him then

You cross the line and there's no turning back Told the world how he felt With the sound of a gat

[chorus]

Who's to blame for the lives that tragedies claim No matter what you say It don't take away the pain

That I feel inside, I'm tired of all the lies Don't nobody know why It's the blind leading the blind

I guess that's the way the story goes Will it ever make sense Somebody's got to know

There's got to be more to life than this There's got to be more to everything I thought exists

[chorus]
