

## Afraid of love - 1/1

**Interprété par Toto.**

You stole my heart the moment you came to town  
I said hello but you were gone when I turned around  
You can't get away, can't get away, even if you try now  
I wanna tell you but the words just can't be found

I like the way you move and just the way you are  
I can't take anymore, 'cos girl, you're pushing to hard  
You can't get away, can't let you go,  
What's a boy to do now  
You got me askin' myself how I survived this far

Refrain :

I gotta get away from you, girl  
'Cos I 've never been afraid of love 'til I met you  
never thought a girl could make me feel the way you do  
Never been afraid of  
Never been afraid of love 'til I met you  
Ooh, yes you say

(instrumental break)

can't be something that you never ever had  
when I start to think a bout you, it makes me laugh  
you took me by surprise, I saw it in your eyes  
I never had a chance, girl  
Now that I see what you are, it doesn't hurt so bad

Refrain

Ooh ooh ooh ooh ooh ooh ooh ooh

Ooh ooh ooh ooh ooh ooh ooh ooh
