

Mad about you - 1/1

Interprété par Toto.

There's something I must say
Something I must do
I planned it all this way
Designed just for you
Do you wanna be with me
Be with me at all
Do you have to be so cool ?
Your gentle touch maneuvered me
But all the time always knew

Refrain :

I 'm really mad about you
There's nothing bad about our love
I 'm givin' you the only heart I have
But I 'm afraid tonight it won't be enough

Can we go on this way
There's nothing left to prove
It's not another game
Or another simple move
Do you believe in me
Believe in me at all
Are you tellin' me the truth ?
Is it just imagination
Or the perfect dream
That I 'm here with you

Refrain (x2)
