

On the run - 1/1

Interprété par Toto.

Everybody's moving way too fast
Before you blink you better find out who's in your path
Pressure's building up on every side
In my heart I know that I've got nothing to hide
What makes you think that you're the only one
Now I know my troubles have just begun

Chorus:

I'm on the run, nobody's stopping me
I'm on the run, and there's nobody left on my side
I'm on the run, I know you're watching me
There's not enough time to decide

You never know what the night could bring
Every moment all the angels speaking to sing
Why worry just to save your pride
And all the answers are buried so deep inside
Doesn't take a crystal ball to see the truth
Gonna take a miracle to see this thing through

Chorus:

I'm on the run, nobody's stopping me
I'm on the run, and there's nobody left on my side
I'm on the run, I know you're watching me
There's not enough time to decide

I'm on the run, nobody's stopping me
I'm on the run, and there's nobody left on my side
I'm on the run, I know you're watching me
There's not enough time to decide
(Instrumental break)

Chorus:

I'm on the run, nobody's stopping me
I'm on the run, and there's nobody left on my side
I'm on the run, I know you're watching me
I'm on the run, and you can't say that I haven't tried

I'm on the run, nobody's stopping me
I'm on the run, and there's nobody left on my side
I'm on the run, I know you're watching me
There's not enough time to decide
