

## Just a touch of love ( Everyday ) - 1/1

Interprété par Sister Act 1.

[Fast dance beat] One, two, three, hit it!

Just a touch of love (X4)

Just a touch of love (X4)

Love has been on my mind for sometime now

But you've been the missing link

Never thought it would happen

All this stuff made me think

That love is not for keeps

All I want is your touch

(So, come a little closer)

Once is never enough

(Open up you're all and let's me in)

Like a bird in the sky

(Your love has got me flyin')

Like the stars in the night

(Beautiful)

Just a touch of love (X 8)

Music will light the fires of romance

So, dance with me forever

You've gotta grab down a lover

Someone to discover

That just a touch of love is all I need

All I want is your touch

(So, come a little closer)

Once is never enough

(Open up you're all and let's me in)

Like a bird in the sky

(Your love has got me flyin')

Like the stars in the night

(Beautiful)

Just a touch of love (X 12)

[Lead vocal ad lib.]

Just a touch of love (X 8)

[Repeat and Fade]
