

Violent - 1/2

Interprété par 2 PAC.

They claim that i'm violent
Just cuz I refuse to be silent
These hypocrites I havin' fears
Cuz i'm not buying it, defying it
Envious, because I will rebel against
Any oppresor, and this is known as self defense
I show no mercy, they claim that i'm tha Lunatic
But when tha shit gets thick, i'm tha one you got and get
Don't look so confused, tha truth is so plain ta see
Cause i'm tha nigga tha you sell-outs are ashamed to be
And every jeep and and every car, while they stop us
I'm never ignorant, getten goals accomplished
Tha underground railroad on an uprise
This time tha truth is getten told
Heard enough lies
I told'em fight back, attack on society
If this is violence then violents what I gotta be
If you investigate you'll find out where it's coming from
Look through our history, Americas tha violent one
Unlock my brain, break tha chains of your misery
This time tha pay back for evil shit you did too me
They call me militant and racist cause I won't resist
You wanna censor something
Mothafucka censor this !
My words are weapons, and i'm stepin to tha sirens
Wakin up tha masses
But you, claim that i'm violent
Fuck a damn cop, (they claim'in that i'm violent)
Just because we play what tha people want, (Violent)
Fuck a damn cop, (they claim'in that i'm violent)
Just because we play what tha people want, (Violent)
Fuck a damn cop, (they claim'in that i'm violent)
Tha cops can't stand me, but they can't touch me
Call me a dope man, cause I rock dope beats
Jacked by tha police, didn't have my ID
I said, excuse me, why ya tryin ta rob me
He had tha nerve to, say that I had a curfew
Get out tha car, or i'll hurt you
So here I go, I better make my mind up
Pick my 9 up or hit tha line up
I choose B stepped into tha streets
Tha first cop grabed me, tha other ripped my seat
They grabed my homie and threw him to tha concrete
(what ya doin man) they tried ta frame me
They tried ta say I had some dope in tha back seat
But, i'm a rap fiend, not a crack fiend
My homie packed, he tried ta run

Violent - 2/2

(freeze nigga) I heard a bullet fire from tha cops gun
My homie dropped, so I hit tha cop
I kept swingin, Yo, I couldn't stop
Before I knew it, I was beaten tha cop senseless
Tha other cop dropped his gun, he was defenseless
Now i'm against this cop who was racist
Given him a taste, of tradin places
And all this, cause tha [?...?] was tryin ta frame us, but
I came up
Now they claiming that i'm violent
Fuck a damn cop, (they claim'in that i'm violent)
Just because we play what tha people want, (Violent)
Fuck a damn cop, (they claim'in that i'm violent)
Just because we play what tha people want, (Violent)
Fuck a damn cop, (they claim'in that i'm violent)
As I was beatin on a cop, I heard a gun click
Then tha gun shot, but I wasn't hit
I turned around it was my homie with tha gun in hand
He shot tha cop, now he's a dead man
I said, come on, it's time for us ta get away
They called for back up, and they'll be on their way
Jumped in tha car, and tried ta get away quick
Tha car wouldn't start, we in deep shit
So we jumped out, (come on, let's take tha cops car)
We drove a little ways thinking that we got far
But I looked up and all I saw was blue lights
If I die tonight, i'm dying in a gun fight
I grabed tha AK, my homie took tha 12 gauge
Load'em up quick, it's time for us ta spray
We'll shot'em up with they own fuckin weapons
And when we threw spraying, then we stepin
This is a lesson, to tha rednecks and crooked cops
You fuck with real niggas, get ya fuckin ass dropped
So here we go, tha police against us
Dark at dusk, and waiting for tha guns ta bust
What's next, I don't know and I don't care
One things for sure, tommorrow I won't be here
But if I go, i'm taken all these punks with me
Pass me a clip G, now come and get me
You wanna sweat me, never get me to be silent
Given them a reason, (a reason)
Ta claim that i'm violent..
Fuck a damn cop, (they claim'in that i'm violent)
Just because we play what tha people want, (Violent)
Fuck a damn cop, (they claim'in that i'm violent)
Just because we play what tha people want, (Violent)
Fuck a damn cop, (they claim'in that i'm violent)
Just because we play what tha people want....
