

## Love - 1/1

**Interprété par Six Pence None The Richer.**

"You must be the seed.  
Descend into the earth.  
Searching for the union of death, and then rebirth."  
But I need love.  
It is patience, it is kindness.  
I need love. It is rain after the dryness.  
I need love. Sister Wisdom, help me see it's the one thing that I need.  
The only thing that I need.

"The harvester is near. His blade is on your skin to plant a new beginning."  
Well then let the cut begin.  
I need love.  
It is patience, it is kindness.  
I need love. It is rain after the dryness.  
I need love. Sister Wisdom, help me see it's the one thing that I need.  
The only thing that I need.

"The harvester is near. His blade is on your skin to plant a new beginning."  
Well then let the cut begin.

Let the cut begin.
