

## Love You Blind - 1/2

**Interprété par Sheryl Crow.**

Love and harmony  
Soul inspiration and prophecy  
We make love and we make joy  
One girl and one more boy  
Say, we are, everybody's eyes  
Lay down your guns and recognize  
There's only one way  
If you leave me no choice  
But to love you blind

Tell me people, who's leading who  
And tell me people, who's following who  
A world asleep is a world in deep, oh yeah  
We don't have to be this way

Everybody say, we are the world to come  
A place of love and a world of one  
One mind can generate  
What we anticipate  
Say, we make war when we couldn't make peace  
Tell me who is the man in the driver seat  
There's only one way  
If you leave me no choice  
But to love you blind

Tell me people, who's leading who  
And tell me people, who's following who  
A world asleep is a world in deep, oh yeah, oh oh yeah  
We don't have to be this way

(...) a common sky, everybody knows that we've got to try  
Hold back the tears, and break that chain  
Let love rule again  
Signs will come of what we do now  
You and me, and me and you  
Love is all we need tonight, yeah

Listen people, we don't have to be this way

Love and harmony  
Soul inspiration and prophecy  
We make love and we make joy  
One girl and one more boy  
Say, we are everybody's eyes  
Lay down your guns and recognize  
There's only one way  
If you leave me no choice

## Love You Blind - 2/2

We are the world to come  
Race of love, and a world of one  
One mind can generate  
What we anticipate  
Say, we make war when we couldn't make peace  
Tell me who is the man in the driver seat  
Ooh there's only one way, yeah

Everybody knows that we've got to try  
Hold back the tears, and break that chain  
Let love rule again  
Signs will come of what we do now  
You and me, and me and you  
Love you blind, love you blind
