

Higher Than High - 1/2

Interprété par Billy Crawford.

Come with me, take it high
Let's take it to the top, ah

I missed the plane today
It doesn't matter
My phone it rang a dussin times
But no one was there
Tick tack, tick tack, my watch stopped
It doesn't matter
Go in default and don't despair

It's such a struggle
Just let it all go by
But let it happen
It's all so clear

Higher than high, but don't lose a feeling
Gonna stretch my wings beyond the sky
I don't need a reason
Higher than high, we've had enough confusion
Carry me back, carry me back
Please take me back

I had a date today
It doesn't matter
I made a point to be on time
But no one was there
I'm on a mountain top
It doesn't matter
Just settle back and don't be scared

It's such a struggle
Just to let it all go by
But let it happen
It's all so clear

Higher than high, but don't lose a feeling
Gonna stretch my wings beyond the sky
I don't need a reason
Higher than high, we've had enough confusion
Carry me back, carry me back
Please take me back

Don't sit home alone
Follow the stars ahead
Maybe you have some doubts
Or maybe it's just the feeling

Higher Than High - 2/2

To let it go, let go

Hello?

Hello.

Hey, who's this?

It's Billy.

Oh, hey Billy. What's up?

Not much. Why didn't you come to the party last night?

I had things to do Billy...

Can we talk or something, you know... I mean...

No Billy, I gotta go.

Oh...

See ya.

Bye...

Higher than high, but don't lose a feeling

Gonna stretch my wings beyond the sky

I don't need a reason

Higher than high, we've had enough confusion

Carry me back, carry me back

Please take me back

Higher than high, but don't lose a feeling

Gonna stretch my wings beyond the sky

I don't need a reason

Higher than high, we've had enough confusion

Carry me back, carry me back

Please take me back...
