

Come Into My Life - 1/2

Interprété par Billy Crawford.

Baby I need you...
Come into my life...

Uh uh yeah
Yeah...oh
Yeah, uh, oh yeah

??? I dunno
Deep down in my soul
I'm losing my sense, and My
I'm in for the count
So out of control
And I can't surrender

I'm going crazy
I might be a fool
But there's no way out
I just gotta be with you

Come into my life
Can't you understand
We belong together
Come into my life
Get closer again
Our love should be forever

I stay by the phone
No use to pretend
I'm still waiting for you to call
Stop being alone
Lets come to ?
Do you feel the same girl?

I'm going crazy
I might be a fool
But there's no way out
I just gotta be with you

Come into my life
Can't you understand
We belong together
Come into my life
Get closer again
Our love should be forever

Come into my life
Can't you understand

Come Into My Life - 2/2

We belong together
Come into my life
Get closer again
Our love should be forever

I'm going Crazy
I might be a fool
But there's no way out
I just gotta be, gotta be with you, yeah
Come into my life
Can't you understand
Since you and I
Let's get closer again
Oh baby, baby

Come into my life
Can't you understand
We belong together
Come into my life
Get closer again
Our love should be forever

Come into my life
Can't you understand
We belong together
Come into my life
Get closer again
Our love should be forever...
