

## Do what you gotta do - 1/2

Interprété par 112.

Sorry I lied to u  
But I'm not sorry  
That I fell deep  
In love with her  
So baby  
Do what u gotta do  
I said I'm sorry I  
Lied to u  
But I'm not sorry  
That I fell deep  
In love with her  
So baby  
Do what u gotta do

I was always on the phone in the bathroom  
You were always in the kitchen at the sink  
Girl I was always tryna find a way to tell you  
I'm havin' relations and it's gettin' kinda deep  
Now even though we've been together for a long time  
Girl you know and I know things are not the same  
Before we go on any longer wasting all this time  
I gotta let you know I'm bout to make a change I'm...

Sorry I lied to u  
But I'm not sorry  
That I fell deep  
In love with her  
So baby  
Do what u gotta do  
I said I'm sorry I  
Lied to u  
But I'm not sorry  
That I fell deep  
In love with her  
So baby  
Do what u gotta do

You were always in the bedroom watchin' tv  
I was always downstairs on the couch  
While you were always undecided on a movie  
I was always tryna get up out this house  
And then I noticed how you always went to sleep  
When it was  
time for you  
to give that a to me  
And then you wonder why a brotha wants to creep  
Well it's time to let you know I got someone who feels me

Sorry I lied to u  
But I'm not sorry  
That I fell deep  
In love with her  
So baby  
Do what u gotta do  
I said I'm sorry I  
Lied to u  
But I'm not sorry  
That I fell deep  
In love with her  
So baby  
Do what u gotta do

Something's goin' on  
Something's goin' on where did we go wrong  
What happened to the love I used to get at home  
You be on my mind used to be my dime  
Used to spend time talkin' on the phone  
But now that things have changed  
I'm jumpin' in my range  
And rollin' out

Sorry I lied to u  
But I'm not sorry  
That I fell deep  
In love with her  
So baby  
Do what u gotta do  
I said I'm sorry I  
Lied to u  
But I'm not sorry  
That I fell deep  
In love with her  
So baby
