

Daddy's car - 1/1

Interprété par Cardigans.

We took off that sunny day
Packed our things and went away
Me and friends in daddy's car
To find out how summers are
Found a card to send from wherever we went

From Luxembourg to Rome From Berlin to the moon From Paris to Lausanne From Athens to the sun Our car became a spacecraft Flashing through the world Crashed down in Amsterdam

We'll take off some rainy day
Pack our things and go away
Families and hotelbars
To find out how summers are
Find a card to send to some really old friends

From Luxembourg to Rome From Berlin to the moon From Paris to Lausanne From Athens to the sun Our car became a spacecraft Flashing through the world Crashed down in Amsterdam
