

Cloudy sky - 1/1

Interprété par Cardigans.

'd catch some stars for you
And just for you
I'd paint the grey sky blue
And just for you
So don't tell me you want the rain
From a cloudy sky
To wash away the pain
That I've given you again
I've always tried to find
What satisfies your mind
But I will never know
Where you are to go
But I want you to know
Do you want a golden ring
I would buy you anything.

I'd read some poems for you
Just for you
I hope they won't make you blue
Like they used to do
So please tell me they're like the rain
From this cloudy sky
