Baby you're not the only one

Oh, ooh, ooh yeah, hey yeah
I see the things he does to you
All the pain that he puts you through
And I see what's really going on
Staying out at night
While you're by the phone

Take it from me
It's a lesson to be learned
Even the good guys get burned
Take it from me
See I will give you love
The kind of love that you've only dreamed of

Baby you're not the only one
And you don't have to be afraid to fall in love
And I know that you've hurt in the past
But if you want it here's my heart
No strings attached

He doesn't give you the kind of attention
That a girl like you needs
(That a girl like you needs)
Cause he always looks around
His eyes wander 'round
He doesn't see you like I see yeah

Take it from me
It's a lesson to be learned
Even the good guys get burned
Take it from me
Baby I will give you love
The kind of love that you've only dreamed of

Baby you're not the only one
And you don't have to be afraid to fall in love
And I know that you've hurt in the past
But if you want it here's my heart
No strings attached

Take it from me
It's a lesson to be learned
Even the good guys get burned
Take it from me
See I will give you love

The kind of love that you've only dreamed of

So if you wanna take a chance with me, oh
Baby if you take a chance with me
I'll be everything you need
Because it's our destiny, oh

Take it from me
It's a lesson to be learned
Even the good guys get burned
Take it from me
See I will give you love
The kind of love that you've only dreamed of

Take it from me
It's a lesson to be learned
Even the good guys get burned
Take it from me
See I will give you love
The kind of love that you've only dreamed of
