

Like a child - 1/1

Interprété par Backstreet boys.

If I could right
The wrongs that made you cry
I make a promise not to say good-night
'Cause I'm holding on
With a love so strong
And I can't take a day
Without you by my side

Girl If I could change
If I could change your mind
Baby you could help me wipe These tears from my eyes

Refrain :
Girl don't stop
The sun from shining down on me
'Cause I can't face another day Withtout your smile
And If you take away the loving Arms the suit around me
Then I may break down and cry Just like a child

Girl I can't belong
And I won't be free
If I fail to bring your lovin' back to me
So I'm pressin' on
I hope you understand
There's a broken heart
That lies inside your hands

So If I could change
And it won't hurt your pride
Baby you can help stop these tears That I cry

Refrain

Like a child
Just like a child
With the spirits running free
She showed me why
Oh, she did

Like a child (oh baby)
Just like a child
Think of what our love could be
If our hearts could set us free
Like a child
