

## Salomé - 1/1

**Interprété par Chayanne.**

So much adrenaline goes through my head  
I watch as you dance and shake your hot hips  
And with a drum you and I approach each other  
It is temptation that drives me crazy and makes me desperate

It is the movement of your waist that causes subtle madness  
You are making me high, you are captivating  
And it is in your body baby that breathes baby  
And it is you that have everything in this life for me to enjoy

She dances that rhythm and it exceeds her, dances that dance to me  
And come closer just a little bit Salomé  
She dances that rhythm exceeds her, dances that dance to me  
Give as a gift your charm as a woman  
Ay ay ay you came from heaven  
Ay ay ay and you lit me up like a candle  
Ay ay ay you came from heaven  
Ay ay ay look girl I want you... This is so!

But they see and she dances continue coming closer  
And with your Caribbean tastes and we continued enjoying  
Your rhythm sees my love when your sweat falls  
And your movements seem more like a sacred song

And it is that it is your mid-section of silhouette and moon  
That it is to me captivating, is to me like a real high  
And it is like she is in your body baby  
That you breathe life baby  
And it is you that have everything in this life for me to enjoy

She dances that rhythm exceeds her...

She dances how I want her to dance with me  
That your rhythm drives me crazy  
Salomé...
