Girl picture this

Come with me baby and we can floss in the whip

But he didn't know I wasn't on the money @!#\$

Bum real tight up top mad thick

Independent chick

But if you were me you gotta, gotta

Boy you gotta make me hotter, hotter

Baby can you make me hotter, hotter

Make me hotter, hotter, make me hotter, hotter, baby

Baby can you make, make, make me hotter (make me)

Baby can you make, make me hotter (I wanna know, tell me)

Baby can you make, make, make me hotter (can you make me hot baby)

Baby can you make, make me hotter (I wanna know, I need to know)

Baby you need to just stop

I don't care how much money you've got

I wonder if you can make me hot

You can make me hot, you can make me hot

Not just physically (oh)

Emotionally, mentally (yeah)

Baby that's my fantasy

Give me something good to see

Oh please baby

Baby can you make, make, make me hotter (can you make me)

Baby can you make, make me hotter (oh)

Baby can you make, make, make me hotter (gotta tell me, gotta tell me)

Baby can you make, make me hotter (I need to know, how)

Ballers don't impress me so you know (you need to just stop)

I don't care how much money you've got

Do you want my body to be yours (oooh)

All yours

I need a simple man (I need)

Knows how to treat me right (treat me)

To keep me satisfied

Make love all through the night

Someone to make me hotter, oh, hotter

Baby can you make me hotter, yeah

Can you make me...
