Lets go!!

Verse I

Why don't you return my calls

Why you trip 'bout where I be

You don't ever come to see me

You say that you're too busy

What the hell, I don't have time

Why you messin' with my mind

I can find another guy

Someone who will treat me right

Pre-Chorus

I don't need this bull ish

I won't put up with it

Any longer

You can

Go if you want

I don't need your pity

I will

Be just fine if

You decide that you want to leave

Close the door behind you

I just want to know what

Chorus

What about all of the

Things that you say

What about all of the

Promises that you made

What about all of the

All the nights that you gave

What about all of the

Things you told me

What about all of the

Things that you say

What about all of the

Promises that you made

What about all of the

All the nights that you gave

What about us - 2/2

What about, what about

What about us, what about us
What about us, what about us

Verse II

Thought you said you were different
Was that what I heard you say
Said that you loved only me
Thought that you'd be all I need

What happened to promises
Said that you were a better man
Your words have no weight with me
'Cause your counterfeit I see

Pre-chorus

Chorus

Bridge

Baby check it out hear this
Now what if I said that you wasn't fit to be with
Now what if I told you the game we played, I picked it
Now what if I said it wasn't true, so do you
You and I know without me there's no you

Now what about bills that were past due, paid for you
And all you said to me is baby, I owe you
Forget about the brand new life that I gave you

Don't what about us to me
Cuz we are through

Chorus
