

Elysium - 1/1

Interprété par Portishead.

No one has said what the truth should be,
And no one decided that I'd feel this way,
If you felt as I,
Would you betray yourself.

But you can't deny how I feel,
And you can't decide for me.

No one should fear what they cannot see,
And no ones to blame it's just hypocrisy,
It's written in your eyes,
And how I despise myself.

But you can't deny how I feel,
And you can't decide for me.

And it's your heart,
That's so wrong,
Mistaken,
You'll never know,
Your feathered sacred self.

But you can't deny how I feel,
And you can't decide for me.

And you can't deny how I feel,
And why should you decide for me
