

Shaman's blues - 1/1

Interprété par Doors.

There will never be, Another one like you
There will never be, Another one who can
Do the things you do, oh
Will you give another chance?, Will you try, little try?
Please stop and you remember,
We were together, anyway, all right
And if you have a certain evenin', You could lend to me
I'd give it all right back to you, A how it has to be with you
I know your moves and your mind
And your mind X6
Will you stop and think and wonder?
Just what you'll see
Out on the train yard
Nursin' penitentiary
It's gone, I cry out long
Go head, brother
Did you stop it to consider?, How it will feel
Cold, grinded grizzly bear jaws, Hot on your heels
Do you often stop and whisper?
It's Saturday's shore
The whole world's a savior
Who could ever, ever, ever
Ever, ever, ever, Ask for more?
Do you remember?
Will you stop?, Will you stop?, The pain
And there will never be
Another one like you
There will never be
Another one who can
Do the things you do, oh
Will you give another chance?
Will you try, little try?
Please stop and you remember
We were together, anyway, all right
How you must of think and wondered
How I must feel
Out on the meadows
While you run the field
I'm alone for you
And I cry
The sweat, look at it, Optical promise
Heh, heh, heh, You'll be dead and in hell
Before I'm born, Sure thing
Brides maid, The only solution
Isn't it amazing?
