

Crazy feelings - 1/1

Interprété par Missy Elliott.

I was in love...
That's what it was when I met you
In love...
An no one could ever talk about you
But it sucks
So many lies and alibis
In love...mmmm

Crazy feelings
Make me stay in love with you...
Crazy feelings
Make me stay in love with you...

So in love...
But now that I know I can admit
It was love that made me a fool, silly fool
In love...mmmm

Crazy feelings
Make me stay in love with you...
Crazy feelings
Make me stay in love with you...

It was always in my face
All the time
Even with twenty-twenty vision
I couldn't see you lying
It was always in my face
All the time
Even with twenty-twenty vision
I couldn't see you lying

Crazy feelings
Make me stay in love with you...
Crazy feelings
Make me stay in love with you...
Crazy feelings
Make me stay in love with you...
Crazy feelings
Make me stay in love with you...
