

U can't resist - 1/3

Interprété par Missy Elliott.

INTRO:

What's happenin' uptown New Orleans in this bitch
We Va'n, yah know what I'm sayin', wit this hot girl Missy,
Fuck'n wit these uptown gorillas you dig
If it don't make dollars it don't make sense
Do your thang girl

Yall don't want to give me my props
I'ma have to like two shouts I'ma glock,
Pop pop the enemy til they drop
Make his whole body go Hebbby-to-the-hope
Well I won't stop til I get up to the top
Gotta blow any other state off the map
An I gotta whole lotta cheddar in my pox's
You better give me five mics, give me props

You say say you sick of my click and my shit
Cause I got a whole lotta hits an no tricks
Just a bass line, few cynars few kicks
Make the whole industry wanna go an bit,
I say you sit, we sit, I sit
While I go shit on a mix like this
Say you spit, I spit, we spit
But you can't fuck with a nigga like this
Check me out

HOOK 1:

Ain't no nutts, but you can't resist
If you come hard, better come legit
We gonna take shit cause we confident
If you think not, then you bound to sit

HOOK 2:

If you come hard, better come legit

We gonna show you so you best believe it

Y'all don't wanna put me in front of the page of the shit I done, done
Now you want to fuck around an grade my shit
Let's talk about the million niggas who bit
It's only one Timothy from the V,
An the whole industry going beep-beep
Now I gotta go change up my beats
So another nigga won't duplicate me
Yeh! Got style, got shows, videos
An my shows it grows, it grows

U can't resist - 2/3

An I sing, I flow, I blow
And I know y'all niggas know
That I come swift with the one-two kick
If I got a blunt, gotta light, got it lit
Yeh! Don't stop, won't stop, won't quit
An I made 1.6 an bitch
