I've got her in my head at night when I go to bed And I know it sounds lame but she's the girl of my dreams And of course I'd do anything for her I'd search the moons of endor I'd even walk naked through the deserts of tatooine

Princess Leia where are you tonight And who's laying there by your side Every night I fall asleep with you And I wake up alone

And even though I'm not as cool as Han I still want to be your man You're exactly the kind of alderranian that I need But when you wre available I was drinking cold 45's with Lando I was hanging out in the cantina on my eisley

Princess Leia where are you tonight And who's laying there by your side Every night I fall asleep with you And I wake up alone
