I'm cuttin snakes thru the belly witta icepick  
and scoopin hotties, a strong aisle of flip trips  
It's the rebirth of murkin niggas once again  
I drain with ink and put your blood in my pen  
I'm breakin ribs til somethin gives  
A nigga got to live and Mr Smith is power god, kid

Chorus:

Work ya thang baby, show em how to blow up

Tell them ole Jap niggas they need to go and stick it

## Mr.smith - 2/2

Verse 3:

Time's up, your rhyme's up, mix the lines up  
I'm about to blow the spot up with that divine touch  
I got the magnetic energetic lyrical calasthetic  
Ya better call a medic cos ya look pathetic  
Guan boy it's the champion Mr Smith  
Your niggas couldn't raise up with a forklift  
Cocked the hammer, peep out the grammar  
It's hard like Bacardi and hot like a house party  
All your so-called flavour niggas is deaded  
Your next step is where ya headed so don't forget it  
Your rhymes is beat, your steelo's scarred to scrape  
When you scream you sound muddy like a bled teeth  
I get'cha open like f-lay, 'tack you when I spray  
Lethal compositions around your way  
I'm the maniacal murderous Mr James Smith  
Rippin ya ass out the frame with my verbal gift

Chorus to fade
