

Sunshine - 1/2

Interprété par Pierre.

You are my sunshine
tell me what to do
so you would always be mine
no more rainy days

glasses up lets say a toast
I want the night to last forever
just synchronize your sexy wind,
bring that thang to me
til the sun comes up,
just dance and touch
can't you feel the heat all over
it's gettin' hot,
don't wanna stop til the morning comes

I know I did some things that seemed to make
you think that I could be untrue
but even in a blink,
I'd never make that I could front on you

You are my sunshine
tell me what to do
so you would always be mine
no more rainy days 2x

heyo heyo you are my sunshine
I say
heyo heyo and gonna make you mine
I say
heyo heyo you are my sunshine
I say
heyo heyo and gonna make you mine

one summer day you came my way
one thing I knew I had to meet you
you walkin' by your sexy smile no doubt turns me on

I'll bring you things like diamonds rings,
just to show how much I love you
don't hesist,
no time to waste so what you wanna do

I know I did some things that seemed to make
you think that I could be untrue
but even in a blink,
I'd never make that I could front on you

Sunshine - 2/2

You are my sunshine
tell me what to do
so you would always be mine
no more rainy days 2x

Ain't nobody gonna love your body like a champion baby like me
Come on and twist that thing to the right, let me see ya ring my bell tonight
Here comes the man coming through the door, excite your nation what I'm here for
Get crazy, nasty, freaking to the beat, that's the real way to feel the music, yes-ah

Cause are my sunshine
tell me what to do
so you would always be mine
no more rainy days 2x

heyo heyo you are my sunshine
I say
heyo heyo and gonna make you mine
I say
heyo heyo you are my sunshine
I say
heyo heyo and gonna make you mine

You are my sunshine
tell me what to do
so you would always be mine
no more rainy days 2x
