

When It All Falls Down - 1/2

Interprété par The Calling.

Heaven's in your eyes
And it's begging me to lie
You're waiting for, a little more
Of those words you want to hear, but
The silence weighs on me
And I think it's time to leave
Before I go, you gotta know
Why nothing's ever clear
See I'm waiting for you
Waiting to know you
But I don't even understand myself
So don't ask me why

You know, I have to walk away
Don't you, try to stop and save me
When it all falls down
When it all falls down
You know, I've tried but I can't change
So go ahead and blame me
When it all falls down
Cause it'll all fall down

In the spider web
I'm trapped by what I've said
As you can see, I'll never be
What you really want, so
I'll just hide behind
This attitude gives all my pride
I made the choice to keep your voice
From creeping through my insides
See I'm waiting for you
Waiting to know you
Can't forget the bottle that you have
What do you want from me?

You know, I have to walk away
Don't you, try to stop and save me
When it all falls down
When it all falls down
You know, I've tried but I can't change
So go ahead and blame me
When it all falls down
Cause it'll all fall down

Even if I tried
Even if I lied to you
It wouldn't make it any better

When It All Falls Down - 2/2

Well, now even if I lose
The one that I would choose
Would be you

See I'm waiting for you
Waiting to know you
But I don't even understand myself
So don't ask me why
Don't ask me why

You know, I have to walk away
Don't you, try to stop and save me
When it all falls down
When it all falls down
You know, I've tried but I can't change
So go ahead and blame me
When it all falls down
Cause it'll all fall down

When it all falls down
When it all
When it all falls down
Yeah, it'll all fall down
