

Stay - 1/1

Interprété par Destiny's Child.

Baby, I want for nothing Just your tender sweet loving
I know you've got your things to do
But tell me what means more to you
Hanging out with me Or with your boys
Sometimes I do get lonely
With no you and no one to hold me
You want so much to lay me down
Is that what keeps you hangin' round
Is that the only way to win your heart

(Refrain)

Well if i loved you a little bit longer
If my love was a little bit stronger
Would you stay, stay
Baby please stay
If i granted all of your wishes
Give you more than touches and kisses
Would you stay, stay? I need you to stay

I'll be, be yours forever
But can we keep us together
I know the time is drawing near
I promised you has it been a year
Baby now im ready will you stay
Stay

(Refrain)

Every night i lay and think about it
If you love me you could live without it
But i dont wanna do you that way No no, no no no
I dont know exactly what im feelin
I'm kinda scared But im then kinda willing
Will you promise me just one thing
No matter what you're gonna stay...

(Refrain)
