

Doin It - 1/2

Interprété par Liberty X.

Hey you, what ya tryin' to do
I saw you walking over and before I knew
You were movin' that body
And there was no way to resist

And this is so close
Close enough to taste
But out of reach just enough
To keep my appetite in place
You must have got me hooked
Cos I never ever felt like this

What you say that we lose control
And let our inhibitions go
Seize the moment
We both know it
Feels so right

Chorus:
It's the way that you move it's the way that you tease
It's the way that you know how to turn up the heat
Your doin' it

Oh my jus can't deny
My imaginations running over time
Something about you
Has really got a hold on me

Lets play no more guessing games
This is it lets admit that we're drawn to the flame
So lets get on tonight we'll take it all the way

What you say that we lose control
And let our inhibitions go
Seize the moment
We both know it
Feels so right

Chorus

Doin it, doin it it don't ya know that we're doin it, doin it

It's the way that we feel, it's the way that you touch me

What you say that we lose control
And let our inhibitions go
Seize the moment

Doin It - 2/2

We both know it
Feels so right

Really doin it (x2)

Chorus
