

Love Won't Wait - 1/1

Interprété par Atomic Kitten.

don't waste this moment
Life tastes so sweet
We can work wonders
Just let it be
I know what you're thinking
So can you feel?
What I need don't need to be said
And I want it right now

chorus:

My love won't wait if you're gonna wait till tomorrow
Baby I'm yours and that feels right today
My love won't wait if you're gonna wait till tomorrow
This is not a dream it's right before your eyes
Don't let it fade away

You'll miss this moment don't be afraid
Ain't that what you wanted, so why hesitate?
Cos I'm feeling restless, I can't explain

What I need don't need to be said
And I want it right now

Repeat chorus

Love won't wait X3

What I need don't need to be said
And I want it right now

Repeat chorus
