

Turn Me On - 1/1

Interprété par Atomic Kitten.

If you like to see me cause you want to
That's ok
Cause I can make you feel like you do everyday
You're the one I need the most
Shout it out from coast to coast
I will never be the same, baby
Again and again and again

You just turn me on
On and on and on
You just turn me on
On and on and on
On and on

Can't you think that I just couldn't wait to be with you
Must have been destiny that you would call me too
You're the one who's right for me
I'm the only one you need
Baby, when you call my name
Again and again and again

You just turn me on
On and on and on
You just turn me on
On and on and on
On and On

Turn me on
On and on
Turn me on
On and on

You just turn me on
On and on and on
You just turn me on
On and on and on
