

# I've Got You - 1/1

**Interprété par Marc Anthony.**

Baby when I think about you  
I don't need to think cause I just know  
That baby it's the way you love me  
That's make me so damn sure that you're the one  
Don't you know that I've waited for you  
Your everything I've wanted all my life  
Never thought I would find what I need  
Till you came along my dream seemed far away  
I can be with another girl and I can take a trip all around the world  
But why would I go anywhere when I've Got You  
I can spend my money on fancy clothes meet a thousand women doing videos & shows  
But baby I'm so glad that I've Got You  
Maybe I just got lucky  
Cause a chance like this don't come around everyday  
Can we hold on to what we've got if I ever lost you girl my life would change  
You should know that your love gives me strength  
And without you I don't know where I would be  
It's because of you I'm soul at ease  
No matter where I am I'm not alone

(REPEAT x2)

I can be with another girl and I can take a trip all around the world  
But why would I go anywhere when I've Got You  
I can spend my money on fancy clothes meet a thousand women doing videos & shows  
But baby I'm so glad that I've Got You  
All that I have is nothing when it compares to you  
And I can't believe how your love makes me feel  
I'm glad that I've Got You and girl you've got me too

(REPEAT x2)

I can be with another girl and I can take a trip all around the world  
But why would I go anywhere when I've Got You  
I can spend my money on fancy clothes meet a thousand women doing videos & shows  
But baby I'm so glad that I've Got You
