

# Long Way Down - 1/1

**Interprété par The Goo Goo Dolls.**

Oh here you are, there's nothing left to say  
You're not supposed to be that way  
Did they push you out? did they throw you away?

Touch me now and I don't care  
When you take me I'm not there  
Almost human, but I'll never be the same  
Long way down, I don't think I'll make it on my own  
Long way down, I don't want to live in here alone  
Long way down, I don't think I'll make it on my own  
I never put you down, I never pushed you away  
You're not supposed to be that way  
And anything you want, there's nothing I could say

Is there anything to feel?  
Is it pain that makes you real?  
Cut me off before it kills me  
Long way down, I don't think I'll make it on my own  
Long way down, I don't want to live in here alone  
Long way down, I don't think I'll make it on my own  
I never put you down, I never pushed you away  
Take another piece of me  
Give my mind a new disease  
And the black and white world never fades to gray  
Long way down, I don't think I'll make it on my own  
Long way down, I don't want to live in here alone  
Long way down, I don't think I'll make it on my own
