

My Angel / How Could You - 1/1

Interprété par Dru Hill.

Spoken

(This is dedicated to my real angel

Ms. Joan I Milburn Green love you mommy)

You taught me everything

In life I'd need

Sometimes I felt you were

My everything

And if it were all left up to me

You'd be right beside me

But you're gone

Although I know

You're in a better place

So selfishly

I wish you could've stayed

How I long to hear you call my name

Lord give me the strength to carry on

And on

If you talk to my angel'

The one who carried me and gave me life

Could you tell her that I love her

And I can't wait to see her on the other side

Wooh (4x)

Do Do Do Do Do

Rest in peace mommy

I love you
