

When I Get You Alone - 1/3

Interprété par Thicke.

Oooh...

Eah!

Baby girl, where you at?

Got no strings, got men attached

Can't stop that feelin' for long no

Mmmm

You makin' dogs wanna beg

Breaking them off your fancy legs

But they make you feel right at home, now

(Ooooh)

See all these illusions just take us too long

(Ooooh) And I want it bad..

Because you walk pretty,

Because you talk pretty,

'Cause you make me sick

And I'm not leavin', till you're leavin';

(Ahhh)

Oh I swear there's something when she's pumpin',

Asking for a raise

(Oooh) Well does she want me to carry her home now?

(Oooh) So does she want me to buy her things?

On my house, on my job

On my loot, shoes, my shirt,

My crew, my mind, my father's last name?

(Ahhh)

When I get you alone ('lone)

When I get you you'll know baby (know)

When I get you alone ('lone)

When I get you alone now (it's all mine)

(Ahhhh....oh)

Come on

Oh yeah-yeah

Baby girl you da shit

That makes you my equivalent

Well you can keep your toys in the drawer tonight,

All right

All my dawgs talkin' fast-

Ain't you got some photographs?

'Cause you shook that room like a star, now

Yes you did, oh

When I Get You Alone - 2/3

(Ooooh)

All these intrusions just take us too long

(Ooooh) And I want you so bad..

Because you walk city,

Because you talk city,

'Cause you make me sick

And I'm not leavin', till you're leavin'

(Ahhh)

So I pray to something she ain't bluffin',,

Rubbin' up on me

(Oooh) Well does she want me to make a vow?

Check it

(Oooh)Well does she want me to make it now?

On my house, on my job

On my loot, shoes, my voice,

My crew, my mind, my father's last name?

(Ahhh)

When I get you alone ('lone)

When I get you'll know baby (know)

When I get you alone ('lone)

When I get you alone now (it's all mine)

(Ahhhh....oh)

Oh no

Get you alone baby

Oohh..

Oooh..oh-oh

You get some

(Ahhh)

All these intrusions just take us too long

(Ahhh) And I want you so bad..

Because you walk pretty, (You, you-you)

Because you talk pretty, (You get some)

'Cause you make me sick

And I'm not leavin', till you're leavin'

(Ahhh)

But I pray to something when she's pumpin',,

Rubbin' up on me, now

(Oooh) Want me to break it down?

Check it

(Oooh) Well did you want me to make it now?

On my house, on my job

When I Get You Alone - 3/3
